

Quick Start Guide

Conference Rooms A/B/C

Tap **Splash Screen** to Start Room Functions

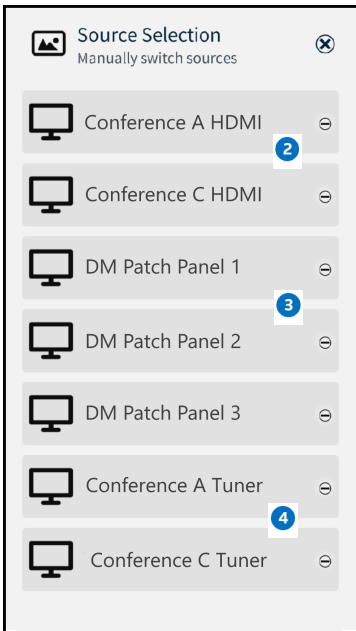

HOME SCREEN

- 1 Select **Video Source** to send signal to Display for Presentation, Web Conferencing, or Cable TV
- 2 Select **Audio Source** to send Audio signal
- 3 Select **Display Controls** to manually turn Display on/off
- 4 Select for **Camera Controls**
- 5 Select **Tuner Controls** for TV Controls

Note: Available Sources for both Video and Audio will vary depending on Room Configuration. To combine or separate rooms, use the Master Control Panel located in the AV Rack.

PRESENTATION

- 1 From the **Home Screen**, Select **Video Source**
- 2 To connect a Laptop, select **HDMI** and connect laptop using **HDMI Cable**.
- 3 To **Patch an Auxiliary Device**, select **DM Patch Panel**
- 4 For TV, select **Tuner**

CONNECT A LAPTOP TO A WALLPLATE

- 1 Decide what connection your laptop has for video:

- 2 Choose the **Appropriate Cable** and plug into your laptop.
- 3 Plug cable into similar port on **Wall Plate**.
